The components present in the
product meet the criteria of
biodegradability established in
the Regulation (EC) No.
648/2004 on detergents.

The company is not responsible
for conditions of use of product
out of specification. We decline
any type of responsibility for a
incorrect use of the product.

DATA SHEET

Product specifications:

PH: 5.5-6.5 (100%)

Density: 0.90-0.91 g/cm³

Color: Incoloro

Appearance: Liquid with characteristic

Qualitative formula:

perfumes Aliphatic alcohols > 30%

DESCRIPTIVE MEMORY

The EXOTIKA SPLASH air freshener has been developed to tackle everyday odor problems. It is the ideal solution for effectively addressing odor issues in areas such as public spaces, bars, hotel rooms, restaurants, offices, bathrooms, and more. The fragrance contains patented Odor Neutralization Technology, composed of a complex of plant-based encapsulating and neutralizing molecules that immediately target bad odors with a long-lasting effect. This technology destroys odors at their source and chemically neutralizes unpleasant smells. It is effective against a variety of odors, such as urine, body odors, tobacco, smoke, mold, and those caused by fungi. Unlike conventional air fresheners, it does not mask odors but chemically eliminates them, enhancing the perception of freshness. It is perfect for creating the right atmosphere in the right place at the right time.

HOW TO USE

Dispense the product using our electronic equipment, which ensures complete fragrance diffusion while maintaining proper application timing for air conditioning duct systems. Alternatively, it can be sprayed manually into the air using a sprayer, thanks to its highly volatile liquid properties.

SECURITY ADVICE

Word of warning: Warning

H-PHRASES

H226 - Flammable liquid and vapour.

Q-PHRASES

P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P233 - Keep container tightly closed. P280 - Wear protective gloves/protective clothing/eye protection/face protection/hearing protection/... P370+P378 - In case of fire: Use... to extinguish.
